

## Payments powered by Cashnet

- What challenges do you have with your current over-the-counter payments?
- Do you accept in-person tuition payments?
- Have you identified all locations on campus accepting payments?
- Can you accept over-the-counter transactions outside the office?

### Cashiering

Process quick and secure over-the-counter, back-office payments and departmental deposits campus-wide. Accept payments anywhere with mobile capabilities. So easy to use—your cashiers can be trained and ready to go in 30 minutes!

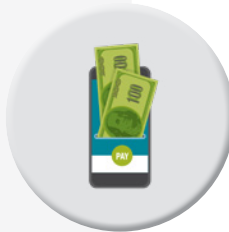

- How are you using e-commerce functionality on campus today?
- Are all your e-commerce sites consolidated on one platform?
- If so, does it require IT resources?

### eMarket

Create robust online storefronts with secure back-end payment processing with this user-friendly tool. Reduce your PCI scope by managing all of your online stores on one platform with one merchant code.

- Is your online payment offering meeting your students' needs?
- Do you have the ability to accept multiple tender types?
- Is your site mobile optimized?
- Can students make international payments online?

### ePayment

Provide the ability for students and families to view balances and make payments anytime over the web and get account updates in real-time. Offer your students control over administrative permissions and the ability to create FERPA-compliant Parent PINs.

- Are you currently accepting cards for web payments?
- Are you passing on a convenience fee or absorbing the merchant fees?
- Do you know how much you are paying in card fees?

## SmartPay

Reduce the cost of accepting card payments with a complete, web-based interface. Offer the choice of using a credit card with a convenience fee or a fee-free ACH (electronic check) transaction.

- Are your payment plans meeting the needs of your students?
- How are the plans managed (manually, automatically, or online)?
- If online, are they integrating end-to-end in real-time?
- How often are the funds remitted by your provider?

## Payment plan software

Provide your students helpful ways to pay with payment plans designed and tailored for your institution. Leverage our marketing and support services for help establishing payment plans.

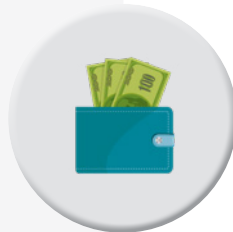

- Do you often hear complaints that payers do not understand their bill?
- Do you wish you had more options for bill presentment?
- Do you want to spend less money sending bills to students?
- Can your students view real-time charges and credits on their student account?

## eBill

Present your bills online, eliminating the cost of postage, paper, and handling — while providing enhanced service to students and families.

- What is your annual cost for printing and mailing out financial aid refund checks?
- Do you support direct deposit (ACH)?

## eRefund

Make disbursing refunds effortless by allowing fast and easy electronic processing for financial aid refunds.
